Supporting career-based learning opportunities helps students build dispositions to successfully navigate the world of work and clarify their areas of interest BEFORE they invest in their post-secondary education.

CAREER
BASED
LEARNING
OPPORTUNITIES

BECOME A PARTNER TODAY...

Youth Apprenticeships: Wisconsin's nationally recognized paid 1-2 year mentorship program. Program structure provides flexibility on youth labor restrictions.

Internships: Paid/unpaid work experience within a student's area of interest.

Co-ops: Paid and supervised work experience. This is often a student's first experience in the world of work.

Mentorships: Provides a prolonged exposure to one or more organizations within a student's area of interest. Unpaid, includes observation and/or project-based work. (Total of 40 hours over the course of a school year.)

Job Shadows: Individual or group experiences (2-4 hours) that provide a broad overview of the careers available in a specific organization.

Volunteers/Presentations/Advisors: Share what you do with students during career days or as part of a classroom presentation. Volunteer to help out with the Summer STEM Academy or elementary Junior Achievement events or activities.

Career and Technical Service Organization Advisors:

Act as an industry mentor to a CTSO such as STEM Forward FutureCity, Iron Town Harley BUILD Team, Robotics, etc.

Advanced Innovation and Design (iAID) Mentors: Support a student team in the district's project-based, entrepreneurial skills accelerator honors course.

Service Opportunities: Provide unpaid work experience and/or project based service opportunities to encourage civic engagement.

Community Connections: Assist by accommodating short term work placements to support students with special needs as they transition into adult life.
