

# The Wisconsin Center for Gifted Learners 2016 Summer Interdisciplinary Program

## The Big Picture

**Who:** Gifted Learners who are 4 - 11 years of age

**When:** July 5 - 29, 2016, week days from 8:30 a.m.-12:00 noon

**Where:** 2315 W Good Hope Rd (Good Hope School Building)  
Milwaukee, WI, 3 minutes west of I - 43

**The Big Picture** is the framework for learning at The Center this coming summer. **The Big Picture** will engage learners in *closeups* and *panoramic views* of topics using the *lens* of an interdisciplinary approach to language arts, math, music, Latin, informal drama, art, and physical education (P.E.).

and

## Summer Discoveries

For children 2½ -3½ years of age

July 5 – 28, 2016, two days per week for 1½ hours

**Summer Discoveries** will provide opportunities for young gifted learners to work together in making discoveries related to plant life through play and experimentation with sand, water, soil, seeds, and seedlings. Planned activities will assist learners to appreciate social conventions, numerical and spatial relations, stories and word play, interactive games, and choice making.
