NEW BERLIN, Wis., July 5, 2010 -

Attention School District of New Berlin Residents,

The School District of New Berlin Board of Education would like to remind you about your valued participation in its annual district survey. Each household was sent a postcard via postal mail several weeks ago. Included on the postcard were directions for completing the survey. We would very much appreciate your feedback, as it will help shape the future of the district for our young people.

Thank you again for taking the time to participate.
