

## STUDENT TEACHERS

The School District of New Berlin accepts the responsibility to assist in the training of student teachers. The superintendent, or designee, may arrange for the supervision and training of a reasonable number of such teachers each year in accordance to this policy.

1. Training of student teachers shall not be conducted if, in the sole judgment of the superintendent or designee, acceptance would be detrimental to the educational program in New Berlin.
2. Candidates for student teacher and cooperating teachers must meet minimum qualifications as determined by the superintendent or designee.
3. The student teaching program shall comply with all rules and regulations of oversight bodies, including the Department of Public Instruction.
4. Student teachers may be assigned to supervising teachers, only upon agreement with the supervising teacher and principal and approval by the superintendent or designee.
5. The superintendent or designee will determine appropriate remuneration for cooperating teachers providing support and training to student teachers. Teachers shall not accept payment from a sponsoring college or university; such pay to be made directly to the School District of New Berlin.
