

STUDENT REPRESENTATIVES TO THE BOARD OF EDUCATION

A student from each high school, charged with representing the views, interests, and opinions of the collective student body, will be elected by their peers and in attendance at the first regularly scheduled monthly board meeting on every other month alternating basis. The student representative will provide the school board with relevant updates on student related issues. The student representative to the school board will act in an advisory capacity to the school board and not be considered a member of the school board.

Procedures pertinent to this policy will be developed and maintained by the school district administrator or their designee.
