REDEFINING READY: STUDENT POTENTIAL IS MORE THAN A TEST SCORE!

- Proficiency in academic and technical subjects
- Success in post-secondary coursework
- Active student engagement
- Demonstrated skills and dispositions for success
- Ability to apply the Academic and Career Planning process
- Attainment of a National Career Readiness Certificate

OUR COLLECTIVE WORK

Desired knowledge, skills and dispositions are developed over time through every student interaction. We strive to engage our extended community in a variety of purposeful learning opportunities to help inform each students' personal Academic and Career Plan.

TOGETHER, WE DEVELOP FUTURE ...

- Innovators
- Technologists
- Nurses
- Builders
- Business Professionals
- Educators And Much More!

In addition to core academic programming, the SDNB collaborates with community, local and regional partners to support additional learning experiences aligned to projected workforce needs.
