

Industry 4.0 Community Information Night

Hosted by The School District of New Berlin

TUESDAY, MAY 8
3:30 pm - 7:30 pm
OPEN HOUSE

New Berlin Eisenhower High School
4333 S. Sunnyslope Rd
New Berlin

Attention Students, Parents, Community Members and Partners!
You are invited to attend an informational open house to learn more about
the projected disruption Industry 4.0 will have on SE WI.

Industry 4.0 is the current industrial transformation with automation, data exchanges, cloud, cyber-physical systems, robots, Big Data, AI, IoT and (semi-)autonomous industrial techniques to realize smart industry and manufacturing goals in the intersection of people, new technologies and innovation.

This event will feature presentations at the top of every hour, equipment demonstrations, and the opportunity to network with companies that are exploring how to leverage (and/or implementing) Industry 4.0 to benefit their business.

We will provide an overview of the courses/experiences School District of New Berlin students will be able to access in order to learn more about Industry 4.0 as well as some of the post-secondary education opportunities available in SE WI.

Registrations are requested but not required to attend. Visit: bit.ly/2DaVupY to register.
