**Approaching the Difficult** a Self-Study Online Course

Enhance your sense of resilience in navigating adversity. While we all have a certain amount of resilience, it is also a skill we can cultivate.

In this online course with optional small group discussion, we'll examine how the tools of

mindful awareness can help us increase the sense of resilience we feel when navigating life's difficulties.

Free for all District Parents & Guardians - open enrollment available through April 1. [Sign up today!](#)

Dear Elementary Families,

We have had five enriching ELA Parent University sessions; our sixth one is just around the corner. We invite you to join us for this unique learning opportunity titled: Why is my Elementary Student Learning About Chinampas?

In this session, we will explore how building background knowledge is a lifelong skill, and we are never done! You will discover why your child is learning about things you may never have heard of and how the knowledge block of English Language Arts lessons builds on itself throughout all the elementary grades. Plus, it could spark some interesting dinner conversations among siblings!

This session will be held Thursday, March 21, at 6 p.m. Again this month, all schools will meet in Conference Room E at the District Office (4333 S.

Sunnyslope Rd.). Please park in the front parking lot and use the front door to the district office. People will greet you and show you how to get to Conference Room E.

Please take a moment to fill out this quick [RSVP form](#) to help us plan the event and ensure we have enough materials for everyone. We are eagerly anticipating another engaging session!

We are looking forward to seeing you there. Have a great weekend!
