

"Talent Development" Requires Regional Collaboration and Strong Partnerships

Greetings!

You are receiving our Partnership Bulletin because you are either currently engaged in, or have expressed interest in being kept informed of our collective work ... locally, regionally and at the state level.

Thank you to all who were able to join us for a discussion on talent development at our fourth annual "Partners In Education" breakfast Nov. 2. We had a record turnout!

We simply could not bring about the changes needed without our partners in industry, postsecondary education, youth-serving organizations, etc. who help to provide rigorous and relevant learning experiences that support our students as they embark on their Academic and Career Planning journey.

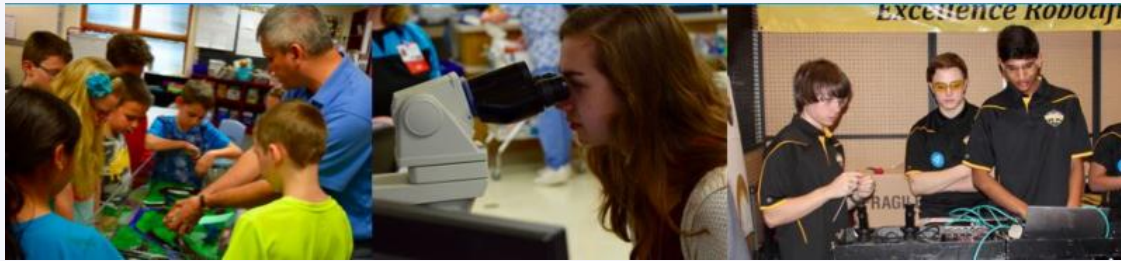

Thank you to Waukesha County Executive Paul Farrow and all of our panelists for providing a glimpse into the great work going on in New Berlin, Waukesha County and across the M7 Economic Development Region.

Thank you to Chameleon Communications for capturing the essence of the event in the following short video: [2016 Partnership Breakfast](#).

"ALL IN!"

The School District of New Berlin sincerely appreciates those who support career learning activities for students. Without you, we would have no career days, no industry tours, and no opportunities for our students to apply what they are learning in a real work environment. Thank you for your support!

This year, we expanded our work regionally through the M7 Grow Here Campaign powered by Inspire of Southeast Wisconsin. Inspire of Southeast Wisconsin's regional office assists companies that desire to expand their outreach programs to K-12 students throughout Waukesha County and the M7 economic development region. For more information, please contact [Susan Koehn](#) at the Milwaukee 7 Economic Development Regional Partnership or [Amanda Payne](#) at the Waukesha County Business Alliance.
