

EXPLORING ENGINEERING

FREE EVENT FOR ALL HIGH SCHOOL JUNIORS AND SENIORS

OCT. 18-19, 2026

**SCAN FOR MORE INFORMATION
AND TO REGISTER**

Opportunities abound for high school juniors and seniors at Exploring Engineering, a free event offered by the Women in Engineering Program to pique interest in engineering.

- Design a schedule with unique engineering sessions, a residential tour or an academic campus tour.
- Soak up knowledge from alumni in industry, eager to answer any question.
- Connect with current students to get the scoop about life in Purdue University's College of Engineering in West Lafayette.
- Learn nitty gritty details from the Office of Admissions, Office of Future Engineers and academic departments.

Participants can come for a "meet and greet" on Oct. 18 to get one-on-one meetings with students and staff from various engineering majors.

Participants must be accompanied by a parent or guardian to attend either event.
