Principal's Message

Greetings Parents,

I hope this finds you well and enjoying the positive change in the weather as the snow begins to leave. We realize that this is the time of the school year that our students begin to transition in other ways also. We are about halfway through the third quarter, and can begin to see the end of the winter months (if we look hard enough!).

Course signups are complete and students are preparing for some very significant assessments with our juniors taking the ACT next week as the first of those that will continue from now through the

beginning weeks of May. Please look for communications related to these assessments and consider what you can do to help and support your children to do their best on these important measures of their learning. I appreciate that you, as well as our students, value these opportunities and understand the potential positive impact they can have on their opportunities both now and in the future.

We have Parent/Teacher Conferences coming up this month along with our Spring Break which is much earlier than in past years. We are currently wrapping up our winter season with some tremendous successes for our students and staff in the areas of athletics and activities, including the Division II State Champion Academic Decathlon team. We appreciate your support for your students to participate in these very important middle and high school experiences.

Lastly, please note the events, successes of our students and staff, upcoming meetings for students and information that may be helpful to you for your child. We work to communicate this with you to help better support your understanding of our activities and efforts along with giving you more information to support your child in partnership with us. There are many great things happening and we are extremely proud of our students and staff for their continued success. Thank you, as always, for partnering in the learning process with us!

Have a great rest of your week!

Opportunity to Share Your Family's Heritage

School District of New Berlin's

International Heritage Festival

Planning is underway for our first School District of New Berlin International Heritage Festival scheduled for Saturday, May 7th at the New Berlin West Fieldhouse. We are currently looking for members of the SDNB and New Berlin communities who are interested in sharing their heritage with festival attendees through a performance or table display at the event.

Below are links to two separate forms: a performance form and a cultural table display form. We invite those interested to submit a form for consideration. Please be aware that submitting a form does not guarantee inclusion in the event, as planners will be balancing time and space constraints with a goal of providing a culturally diverse representation. Contact Anne.Warchol@nbexcellence.org with any questions.

West Families,

From a young age, we teach children to be careful who they talk with both in person and online. As children grow up, that concept doesn't change. There is so much technology on phones and computers that makes this possible. I have recently heard of a few instances where someone has spoken with another person online who they did not know. These interactions can be concerning as we do not know who the other person is or what their intentions are. One app that people use is called Discord. People can remain anonymous when creating their account, making it more difficult for users to know who they're talking with. I would encourage families to have conversations at home about who their children talk with online and what applications they use when doing so.

Even adults may meet people online who they do not know and who are not the person they think they're talking with. We take many reports at the police department where adults talk with someone who claims to be from a business or organization. These usually turn out to be fraudulent incidents and people may lose money because of it. Internet safety is constantly changing and we need to do the best we can to stay informed.

Securly Tipline: Important School Safety Tool

The SDNB is proud to partner with Securly to offer Tipline, an anonymous tip-reporting system designed to give students another voice in our “See Something, Say Something” efforts.

All tips, whether submitted via phone, text, online or the app, go to the Securly 24 team, highly trained specialists with backgrounds in psychology, sociology and working / volunteering with children. The Securly 24 team determines the validity and risk level of all tips, and, based on the assessment, time of day, etc., the team determines whom to alert about the tip. “Extreme Risk” alerts, for example, are directed directly to the New Berlin Police Department via 911; low-risk alerts result in an email to the building administrators.

Parents and students can download the Securly Tipline app in the Apple App Store or in Google Play (app store for Android phones). You can also submit tips on the web at www.securly.com/tip, by phone at 1-833-300STOP or email at tipline@securly.com.

Tipline is another tool offered by Securly to enhance the safety of our students, staff and schools. It works hand-in-hand with Securly’s cloud-based content-filtering that helps keep students safe on their school-issued devices.

Does Your Child Need Extra Help?

Homework Club-

New Berlin West High School is continuing its voluntary tutoring program for 7, 8, 9th graders run by National Honors Society (NHS) members who are Juniors/Seniors.

This program, called Homework Club, was set up to provide tutoring to any student who is struggling in a class or whose teacher believes they need some extra help. NHS volunteers will make sure students are up to date with homework, are ready for tests!

M-Th each week in the Library from 2:45-4 p.m. Transportation will not be provided for students.

This program will be headed by NHS member- Alex White

Information Related to At-Home COVID-19 Tests

COVID-19 symptoms, you may need to get another COVID-19 test from a health care provider or at a community testing site.

At-home COVID-19 tests are not supervised by a health care provider and are not sent to a lab for processing. This is why at-home tests cannot be used to inform any official public health decisions.

- A negative at-home test result **will not be accepted as a way to shorten quarantine.**
- A positive at-home test result will **not be referenced to identify a 90-day period of possible immunity** which would make you exempt from quarantine if you had close contact with someone with COVID-19.
- At-home tests **cannot be used to enter or return to the U.S. when traveling from an international location.**

What do my at-home COVID-19 test results mean?

If your test results are positive and reported to public health, you may receive information from a contact tracer about how to monitor your illness and how to prevent spreading COVID-19 to others.

If your test results are negative or are not reported to public health, you
