Principal's Message

Welcome to the final newsletter for the 2022 school year!

We have completed an outstanding year, one with many successes for our students, staff, families, and community. As I write to you, we are one and a half weeks beyond graduation and our end of year celebrations. With that in mind, I would just simply like to share a brief excerpt from my graduation presentation to students and guests.

Please read below:

So, since it's all about our learning... some advice ... from Winnie the Pooh about life, love and friendship.

- "After all, one can't complain. I have my friends" –

For Daily
Announcements,

Eeyore - Life is better with friends, it's that simple. Whether you've known them a lifetime, or just met them, our friends are the ones we can turn to for advice, support, and laughter, at the end of a hard day. Hold them close and tell them how much you appreciate their friendship.

- "If you live to be a hundred, I hope I live to be a hundred minus one day, so that I never have to live a day without you" – Winnie the Pooh - If you find that special someone who you never tire of waking up next to every single day, you've found your person. Love doesn't come around every day, so when it does, be sure to cherish it.
- "You're braver than you believe, stronger than you seem and smarter than you think" – Christopher Robin - Tell this to yourself, your friends, and anyone else who will listen. We are all capable of far more than we think, but often we refuse to believe in ourselves. So, change it. Be your own cheerleader, and see just how far you can go.
- "Some people care too much. I think it's called love" – Winnie the Pooh - Do you have someone in your life who will never give up on you, no matter how much you push them? That's what love looks like.
- "Could be worse. Not sure how, but it could be" – Eeyore You can always rely on Eeyore for a dose of realism. Perspective is a marvelous thing, but often we lose it in our day to day lives. Try to see the bigger picture, and don't sweat the small stuff.
- "I'm so rumbly in my tumbly" – Winnie the Pooh - We've all been there, Pooh Bear. Life hack 101 – always pack snacks.
- "The things that make me different are the things that make me, me" – Piglet - Small but mighty, little Piglet might just be the wisest of them all. You may feel like you're different, like you don't fit in or break the mold, but never forget that your difference is your superpower. After all, who wants to blend in when you can stand out instead?

I do hope you can find something in that list that connects with you as you take this exciting next step in your life.

Last ... and maybe most important. Say please and thank you and mean it. It goes a long way. Ask for help when needed and be willing to provide help to those who need it. Nobody gets through life without the support and assistance from others.

As I write this, I hope that you and your student(s) found this to be a successful school year. I am hopeful that this simple advice identified above will help your student or someone you know as you continue to navigate our world. Enjoy the summer and a special thank you and congratulations to our seniors and their families who may be moving on from their experience at West. We are proud of each of our students and seeing them make the transition through graduation is one of the most rewarding experiences we can experience.

Thank you for your continued support of our school and school community. Please know that we are looking forward to and planning for the next year, continuing to grow and get better to best serve our students and families.

Sincerely,

West Families,

This school year flew by and now it is time to enjoy the nice weather! The New Berlin Police Department has two great activities to help keep kids safe during their summer break! There is a teen distracted/impaired driving course that is geared toward students ages 15-18. The course explains the dangers of impaired and distracted driving. It is a 1 hour presentation and then 2 hours of hands-on activity where the students will drive a golf cart through a controlled course, with different distractions or impairments. We also have midnight volleyball on Monday nights at Malone park for \$1 per person! It is a double elimination volleyball tournament! These are great programs to educate students and also provides a safe environment for them to have fun! See the attached flyers for more details! Have a great summer!

TEEN DISTRACTED DRIVING

REGISTER FOR FREE TODAY!

Does your child understand all of the distractions associated with driving? This 3-hour course will expose participants to the different forms of distractions while driving and also the dangers of impaired driving. We will cover material through a presentation and videos, then continue with a practical exercise outside driving a golf cart. Each participant will drive an obstacle course wearing goggles, simulating the different forms of impairment (drunk, high, and drowsy), and driving while distracted by passengers or technology. Between each driver, the equipment will be sanitized. The course is taught by New Berlin Officers and School Resource Officers who have witnessed the harmful effects of distracted and impaired driving. Classes are first come, first serve and will be limited to five participants.
